

# ITALY FOR CHRIST PASTOR TRAINING AND GRADUATION MILAN, 2013

My name is Pastor Rodinei Bueno, happily married and father of three children.

I am pastoring a church that together with IFC we have planted in the city of Brescia, located east of Milan.

I am 36 years old and have a perfect health. (Isaiah 53:5)

However - when I was 28 I was diagnosed with cancer LIONFOMA B-COM CD 20, located between my heart and lungs and in my kidneys.

I always walked in the ways of The Lord, never smoked or drank, and could not understand why me! Now I know that the reason was to be a living example that with God ALL IS POSSIBLE!

After chemotherapy, after losing my hair and being very weak, the doctors gave no hope to my wife and family.

But I knew the power of prayer! The church family was praying and fasting for me and believed that this sickness was meant to manifest the power of Jesus in my life and in my community. (Proverbs 18:21)

As a result, I was healed to the amazement of the doctors who declared the healing to be supernatural. (Jeremiah 17:14)

Now I know why God healed me. I was healed to serve Him in my city of Brescia and share with my community the Good News of the gospel of Jesus.

Thank you ITALY FOR CHRIST for investing in me and adding value to my ministry with your resources and training.

Thank you, supporters for your faithful investment that is bringing much fruit and changing lives for eternity.

Being part of the same family, I pray this testimony will encourage you to press on knowing that our labor is not in vain!

Together we are better!

Blessings to you, your family and church!
